STRONG MEDICINE FOR OKLAHOMA

JOIN US FOR A CELEBRATION!!!

“Why We Do What We Do”

I would like to invite you and your family to join us in Tulsa for the OAFP’s Annual Scientific Assembly. We are honored this year to have one of AAFP’s Directors, Ken Bertka joining us! He will be presenting several sessions including “The Soup of Health Care Reform—Cost, Quality, Access and Politics”. Our Thursday workshops will include GO! Diabetes Train the Trainer, as well as a PLICO loss prevention seminar. Some of the CME topics will include Patient-Centered Medical Home, Parkinson’s disease, Dermatology and so much more. This is an opportunity to earn over 20 prescribed credits.

OAFP has done a remarkable job in assembling support for the program, as well as inviting noted speakers for this cutting edge agenda. Family Medicine is focusing more on the medical home concept. With our fellowship, we are certain to muster sufficient support to promote positive change to influence our practice of medicine. Once again this year, we are fortunate to have the Resident Track partner with OKPRN to hold a much larger meeting for OAFP members.

The children’s program includes a visit to the Laser Quest, the Oklahoma Aquarium and Pump It Up, and much more. The guest program will include a session of Laughter Yoga, a tour of Stone Bluff Cellars and other fun activities

I look forward to seeing you and your family June 17th—20th!

With warm regards,

Alton Rae, MD
Chair
OAFP 2010 Scientific Assembly
