

OAFP 71st Annual Scientific Assembly Preview June 13-16, 2019

Thursday:

Pain Management and Opioids: Balancing Risks and Benefit

Join us for an afternoon course that provides education meeting the criteria outlined in the current FDA blueprint, as well as the CDC guidelines for Opioid Prescribing and the pending draft revised FDA blueprint. The content has just been updated and includes information from the FDA regarding immediate release opioids as well as information on non-pharma pain treatments. The curriculum follows the arc of a typical clinical interaction a new introductory chapter, "Pain," provides important context to education. Additionally, integrated coverage of the CDC Guidelines, updated demographic data and new references are included.

Learning Objectives

- Establish realistic goals for pain management and restoration of function
- Accurately assess patients with pain for consideration of an opioid trial
- Initiate opioid treatment (IR and ER/LA) safely and judiciously, maximizing efficacy while minimizing risks
- Monitor and re-evaluate treatment continuously; discontinue safely when appropriate
- Counsel patients and caregivers about use, misuse, abuse, diversion, and overdose
- Educate patients about safe storage and disposal of opioids
- Demonstrate working knowledge and ability to access general and specific information about opioids, especially those used in your practice

We will also have a 1 hour session called “ The How To’s” of Prescribing Buprenorphine in Your Practice, presented by Dan Criswell, MD.

It is also the time to complete a KSA (Knowledge Self-Assessment) course in if you need to. After an afternoon of CME make plans to join us for the Welcome Reception in the “OAFP Dr. Seuss Adventure Exhibit Hall” where we will treat you to a wonderful night of food, fun and networking!

KSA’s Knowledge Self-Assessment

Asthma (AM)

Hypertension (PM)

Friday:

We will start the day off with our special guest and AAFP VIP, Robert Raspa, MD. After the morning session we will be running 3 tracks concurrently to offer you as many options as possible.

There will be something for everyone as we will offer Practice Management, Physician Well Being & Scientific Tracks for participants this year. You won't want to miss the annual OK Residency Show Down Primary Care Quiz Bowl, it is always an exciting and fun time. OUHSC-Lawton Family Medicine Residency holds the 2018 title, be sure to join us to see who will bring home the title in 2019. Tonight, is also our Family Fun night and we would like to invite you and your family to join us for food, fun and entertainment at HeyDay.

Saturday:

It's time for you to get in all the Scientific CME you can in one day. We have some incredible speakers and topics, you won't want to miss out. After a long day of CME, we invite you to celebrate the OAFP with us at the Annual President's Club dinner. Everyone is invited to join in the fun! We will honor the OAFP Physician of the Year and induct our 2019-2020 OAFP Board President.
